Several 1980-81 Indian athletes received their well earned sports letters at the Spring Sports Banquet in May. Because of hours of strenuous training, these athletes received the recognition they so well deserved. Getting a letter isn't as easy as it sounds. A football player must get in 16 quarters of district games in order to letter. The highest amount of letters an athlete can receive is four. We'd like to congratulate our athletes for all the effort they have put into the games and for excelling in these sports.

"Two bits, four bits!" When you hear this, what do you think? Cheerleaders, of course. The I.H.S. 1981-82 cheerleaders have done a great job in promoting school spirit. To make sure the job was done right, Mrs. Collier and Miss Stone followed every step these girls made. For some of them, cheerleading has been a high school activity, and for most of them it was their first time to cheer. Who could tell?

Lunch Break

This year's lunch shift was very interesting because of the fun activities which people found to do at lunch break. Lunch was a time for friends to get together and discuss their daily schedules, to exchange letters, and to gossip. I.H.S. students enjoyed a hearty meal and a pleasant break at mid day.

We would like to thank our faculty for helping the students and administrators at Istrouma by sponsoring clubs, serving as academic leaders, and guiding students in their choices of careers. They give us a lot to be thankful for. Just as film producers work hard to see their efforts through to the end, our faculty has give us 100% of their ability to help us along the way.

VERY IMPORTANT PEOPLE !!

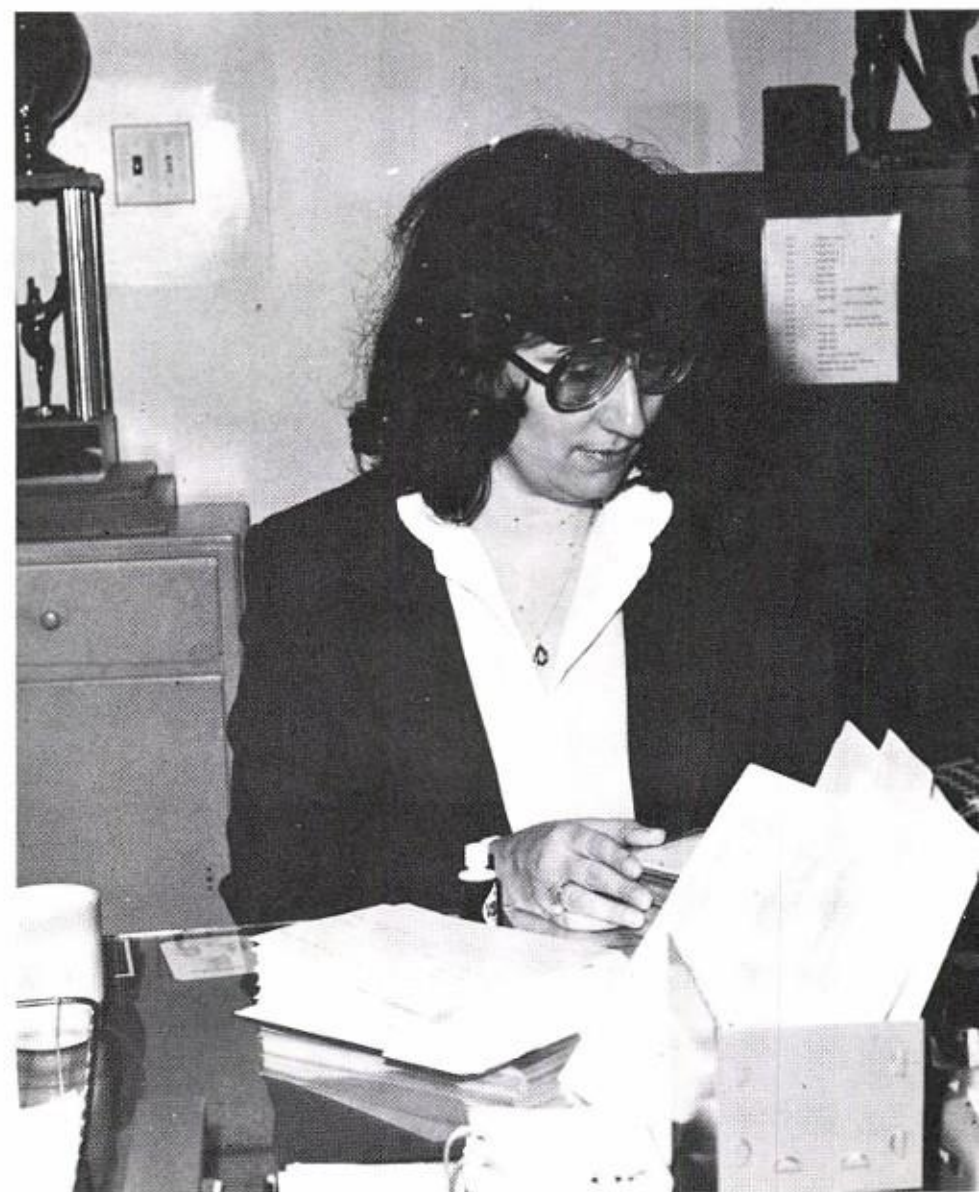

The 1981-82 secretarial staff has again kept the I.H.S. offices held together. School secretaries are very important people who maintain organization throughout the year. Without these special people I.H.S. would not be what it is today. They are indeed V.I.P.'s. At right is Mrs. Schuster counting school money.
